

# ALC Educational Theology Graduate Attributes

---

Graduate attributes are the learning outcomes that ALC seeks to realise in all graduates.

The generic ALC graduate attributes—intellectual, professional and values—are customised to the context of each ALC school and field of study.

---

## **Educational theology graduate attributes**

- critical understanding of Lutheran theology and the way in which it informs policy and practice in Lutheran schools
- appreciation of the history and heritage of Lutheran schools and their particular ethos
- appreciation of the relationship between the Lutheran school and the ministry and mission of the Lutheran Church
- sensitivity to ethical issues involved in decision making in a Lutheran school
- knowledge of the Christian Studies program for Lutheran schools and the necessary understanding and skills to teach this program effectively
